Description

This plot of 1,200 m² is located just 1 km. outside the village of Karousades in North-West Corfu in a tranquil and verdant area. The buildable area of the plot can reach the 400 m², while electricity and water connections are also provided. Moreover, your transportation will be facilitated by that fact that 50 m. of the plot are facing an asphalt roadway. The towns of Acharavi and Sidari are only 10 min. away and the beach can be reached within just 5 minutes! Imposing cypresses and olive-trees are dominant on the plot, and the latter could be useful not only for aesthetic purposes, but also for the production of some home-made olive oil as well!
